

## About Gary White

Gary White is Director, Managed Services for North Coast Council. He has been with NCC since 2013.

Gary received his Bachelor of Science in Computer Information Systems from Baldwin Wallace University. He excels in helping schools plan, design, and manage everything that relates to their computing environment. Gary has deployed projects ranging from remote backups, cloud migrations, chromebook deployments, mobile device management, server migrations, wireless infrastructure installations, to server installations. With his vast experience, he has the expertise to be your trusted advisor.

Prior to working at North Coast Council, Gary began his professional career working for a local managed services company where he became the Manager of Technical Services. He served a vast array of professions ranging from education, finance organizations, law firms, medical firms and manufacturing firms for over 14 years.

Gary enjoys learning about new technology and was recently approved to be a member of Infragard. InfraGard is a non-profit organization serving as a public-private partnership between U.S. businesses and the Federal Bureau of Investigation.
