

About **Jeff Opincar**

Jeff Opincar is a Network and System Analyst, Network Services for North Coast Council. He has been with NCC since 1998.

Jeff provides support for NCC's network, application hardware, and system software.

Prior to working at North Coast Council, Jeff worked for 10 years as a government contractor supporting large-scale computer systems at various government research facilities. He also spent four years as a contractor supporting the network infrastructure at school districts and ITC's in northern Ohio.
